

2018 RE-ENROLMENT and INFORMATION UPDATE

Our administration staff will be undertaking a complete overhaul of our student and families database during the Summer holiday period. We are asking all families to provide us with the most current information relating to parent/carer contact details and proposed classes for 2018.

We would appreciate your completing and returning the attached form as soon as possible – one for each child. If you are unsure of which classes your child/children will be attending, or whether you will be returning to the school next year, please mark the relevant space with 'uncertain'.

All personal information provided will be treated with the strictest confidentiality.

We have also attached our 2018 Fee Policy and our Student and Parent Code of Conduct.

By submitting an enrolment form, you are agreeing to abide by all school policies.
